Attached is an extract from the Congressional Record of yesterday containing a statement by Representative Les Aspin that he has received from Alfred McCoy substantial new evidence implicating pilots flying CIA helicopters in the smuggling of opium in Laos. Just yesterday I checked on McCoy's testimony with the Proxmire Subcommittee and I believe the information Aspin refers to is the same as I have quoted in my memo.

I would appreciate it if you would provide us with any information which might be developed to rebut the charges which McCoy makes about the use of Air America helicopters for illicit drug traffic. We are trying to keep an accurate book on these various charges and possible rebuttals to them.

Please contact [redacted] of this office, as soon as possible on the above.
